SUBJECT MATTER AND BASIC PURPOSE OF RULEMAKING

This rulemaking is required under IC 13-14-9.5, which provides for the expiration and readoption of administrative rules. All rules adopted after January 1, 2002, under IC 13-14-9, expire on January 1 of the seventh year after the year in which each rule takes effect. The rules listed to be readopted have an expiration date of January 1, 2020. IDEM has chosen to readopt all affected rules at one time rather than readopt each rule separately as its expiration date approaches.

Under IC 13-14-9.5-4, the department or board that has rulemaking authority under Title 13 may readopt all

rules subject to expiration under one rule that lists all rules that are readopted by their titles and subtitles only. If no comments are received during the first comment period, IDEM may submit the rule for filing with the Publisher under [IC 4-22-2-35](#) and publish notice in the Indiana Register that the agency has readopted the rule.

STATUTORY AND REGULATORY REQUIREMENTS

[IC 13-14-9.5-4](#) requires that the following procedure be followed to readopt rules:

- (1) A notice listing all rules to be readopted by their titles and subtitles shall be submitted to the Publisher for publication in the Indiana Register.
- (2) If a person submits a written request and a basis for the request during the first comment period that a particular rule be readopted separately from the readoption rule that readopts all rules in one rulemaking, the agency must:
 - (A) consider readoption of that rule separately from the readoption rule; and
 - (B) follow the procedure for adoption of administrative rules under [IC 13-14-9](#) with respect to that rule.
- (3) If no written request is provided within the first comment period, the agency may submit the rule for filing with the Publisher under [IC 4-22-2-35](#) and publish a notice in the Indiana Register that the agency has readopted the rule.

REQUEST FOR PUBLIC COMMENTS

IDEM requests that any written comments requesting that a rule be readopted separately from this readoption rule include a basis for the request. Comments may be submitted in one of the following ways:
